JULIE SCHELLENBERG

ED, Integration & Innovation Primary Care Alberta Health Services

Julie is a natural fit with the lab. She is change agent extraordinaire! She has introduced Alberta to hackathons, sprints and uses liberating structures in her every-day world. She is convinced that design thinking can help us transform to be a user-centered healthcare system.

We are incredibly proud that Julie is our first fellow and are anticipating many adventures ahead. Thank you for being such a strong advocate of a new way of approaching our work, Julie!
